It is informally ascertained that the is not produced to issue any other orders, Besides

Letter to be dated the June 1924 from Financial Secretary giving the rates of allowances (travelling & daily)

3) Besides the official members, there are three classes of members that go to form the Economic Conference. The members from the Leg. Council form the first group and those of the R. A, the second. These two sets of members draw different rates of travelling and daily allowances for attending their respective meetings. The non-official members of the E. C who do not belong to the above two Houses form the third group and the Financial Secretary has proposed certain rates for this class of members.

4) Of the four members who have sent in their bills, Mr. D. Kongadiappa is a non-official and does not belong to the other two houses. He will be paid the rates proposed by the Financial Secretary. In the case of Mr. Thacheeree Gnodia, he is an R. A. member and whether he should be given the R. A rates or the rates proposed by the Fin. Secretary

13) So far eleven bills have been received from members of the Econo Conference. Out of these eleven, ~~four~~ three happen to be members of the L.C. also and four members of the R.A, th remaining four being members of the Conference alone. On a perusal of the bills it will be seen that claims have been made in a variety of ways. Some have claimed the L.C. rates, some R.A, a few the old rates of the Conference and two have left the calculation to the office.

14) Mr. Stott who has been presiding member this claims belongs to the group of "Conference only".

Dear Sir,

May I be permitted to call your attention to my letters of the 9th and 30th June respecting the travelling allowances for non official members to the Mysore Economic Conference .

In your letter of the 16th June you informed me that the matter was under consideration and you would communicate to me later on the subject.

I regret to say I have no reply to my letter of the 30th ult, asking for the allowances to be remitted to me and if any forms are to be filled up. Please forward same to me so that I may present the bill at once.

It is not exactly fair that one should be kept waiting for that which is their due for expenses incurred on behalf of Gov't, if there is nothing settled respecting the new rules in the matter please allow me to draw the amount under the old order .

As it has now been decided that no change is called for in the present rates for R.A. & L.C., orders are required fixing the rates for E.C. The grant of a uniform rate is opposed to the principle recently enunciated viz. that in the case of mixed membership, members should get such rates as are admissible for attending the bodies which they represent.

The grant of separate rates leads in the anamoly, that while resident members of E.C., who represent the ~~The~~ two bodies, will be entitled to ~~Rs 10~~ daily allee. under the Order of 6-8-24, the other resident members will not be entitled to anything.
